✓ 1. (Unclassified - MG) CONSTITUENT Received a call from Sandy Stafford, in the Raleigh State office of Senator Jesse A. Helms (R., N. Car.), who requested general information about the Agency and any unclassified publications we might have on the Soviet Union, Cuba and Vietnam for a constituent who is a high school student. I told her that we have some brochures and general information fact sheets about the Agency which I would send. I also told her I would include a list of unclassified publications which are available through the DOCEX Project at the Library of Congress. The materials were sent this date.

2. (Unclassified - MG) CONSTITUENT Received a call from someone in the office of Representative Walter B. Jones (D., N. Car.) who wanted the address of the Agency's Public Affairs Office for a constituent. The address was provided. 25X1

6. (Unclassified - MG) LIAISON Sent via courier to Harris Miller, Legislative Director for Senator John A. Durkin (D., N. Y.), several maps of the People's Republic of China, the Soviet Union and Panama, per his request of yesterday.

7. (Unclassified - MG) LIAISON Sent via courier to Karen Kennedy, in the office of Senator Dennis DeConcini (D., Ariz.), a copy of Presidential Directive NSC-17, per her earlier request.

10. (Unclassified - ME) LIAISON/FOIA In response to a letter forwarded by Senator S. I. Hayakawa's (R., Calif.) San Francisco office, I called and spoke with Miss Bonnie Hunter, of the Senator's staff, to solicit more information about the individual on whom CIA is requested to search its files. Reverend Michael M. Kan is seeking information from OSS files on locating a Corporal Stuart whom he knew in China back in 1944-1945. I explained to Miss Hunter the difficulties we might have in searching our files without a given first name; the variants of the Stuart name; and that the OSS files in our custody would not necessarily have information on the current whereabouts of any individual. Miss Hunter understood the difficulties and said she would try to seek additional information from Reverend Kan, especially at my request, whether Reverend Kan had written to the Department of the Army, did he receive any leads from the Federal Communications Commission (Corporal Stuart was an official Armed Forces disc jockey); and who it was who suggested CIA would have Corporal Stuart's file, to give us some leads for our search. Miss Hunter will be back in touch with me after contacting Reverend Kan.

15. (Unclassified - DFM) LIAISON Called Pat Norton, Senate Select Committee on Intelligence staff, to inform him that the Director had met with Representative John Dingell (D., Mich.), Chairman, Subcommittee on Energy and Power, House Committee on Interstate and Foreign Commerce, regarding Subcommittee access to Agency documents

25X1 I informed him that the Director had reached a compromise with Representative Dingell and that that staff would receive access to sanitized copies of Agency documents previously provided to the Joint Committee on Atomic Energy. Norton indicated this made the Select Committee's job much easier, as the Dingell Subcommittee had been seeking access to the old JCAE records now in the Select Committee's custody.

15. (Unclassified - DFM) LIAISON Called Dick Giza, House Permanent Select Committee on Intelligence staff, who informed me Representative Charles Rose (D., N. Car.) would have to leave Agency Headquarters no later than 10:30 a.m. on 8 February, but could arrive as early as 8:00 a.m. Giza said he would accompany Representative Rose in his discussions.

16. (Unclassified - DFM) LIAISON Received a call from David Bushong, Senate Select Committee on Intelligence staff, who indicated Senator Birch Bayh (D., Ind.), Committee Chairman, had testified before the Senate Foreign Relations Committee on the Panama drug issue and that that Committee had suggested that the Select Committee consider releasing, in unclassified form, the statement presented to the Committee. He said this would be taken up by the full Select Committee at their meeting that afternoon.

25X1 8. [] *user* LIAISON I called and asked Chuck Snodgrass, on the staff of the House Appropriations Defense Subcommittee, about his comments to John McMahon, DDO, on Ambassador-Chief of Station relations. He said he had talked to Ambassadors at each stop on his recent trip and found them uniformly pleased with the CIA activities in their missions. [] 25X1

25X1 9. [] BRIEFINGS I again spoke to Chuck Snodgrass, House Appropriations Defense Subcommittee staff, about the possibility of changing the 11 April NFIP budget date. He said they would probably not be able to give a firm answer until mid-March. I also discussed this problem with Graden Lose, at Department of Defense, who suggested possibly switching the 11th with intelligence related hearings on the 12th. We are checking this with the Director's calendar.

25X1 10. [] LIAISON Per her request, sent to Cindy Stoll, in the office of Representative Anthony Beilenson (D., Calif.), a copy of the Agency publication "Estimated Soviet Defense Spending in Rubles, 1970-1975." ✓

25X1 11. [] LIAISON Called Don Sanders, Senate Select Committee on Intelligence staff, and got his agreement for other Committees to use the safe which has been used to store materials related to Sanders' investigation. [] Sanders asked for my assurances and received them, that no other Committees would be permitted to see the Select Committee's material in the safe.

Sanders said the FBI had completed a background investigation on a secretary who would be used on the Senate Select Committee on Ethics investigation into recent leaks. He asked if the Agency could review the clearances as soon as possible in order that the secretary could be on board by next Monday. I agreed to give this expedited handling.

25X1 12. [] LIAISON Received a call from Ken DeGraffenreid, Senate Select Committee on Intelligence staff, who indicated he had a new request for a damage assessment and would bring it out to me later in the day. DeGraffenreid later did bring me the request, which is for a damage assessment on the 21 December 1977 New York Times article about the classified Committee oil study. He also delivered a letter for Robert Gambino, D/OS, from Senator Adlai Stevenson (D., Ill.), Chairman, Senate Select Committee on Ethics, requesting clearances for [] a prospective Committee employee.

5. (Unclassified - MMP) BRIEFING Accompanied *hssr* [redacted]
NFAC/CSS/, [redacted] and [redacted] ORPA, to the offices 25X1
of Senator Henry M. Jackson (D., Wash.) to brief Dorothy Fosdick
and Dick Perle, on the Senate Governmental Affairs Permanent Subcommittee
on Investigations, on the Cambodian/Vietnamese border situation, the
African Horn, and PRC/Soviet involvements therein. The briefing took
place in 135 Russell Senate Office Building, lasted one hour and was given
by way of support to Senator Jackson's pending trip to China. 25X1

6. (Unclassified - MMP) BRIEFING Accompanied [redacted]
Assistant NIO, Economics, to the offices of Representative Benjamin
Rosenthal (D., N.Y.) to brief his staffer, Julian Spirer (who has the
appropriate clearances) on foreign, particularly OPEC, investment within
the United States. Mr. Bob Miller, also from Mr. Rosenthal's office,
had been turned off in his request for a briefing on this subject about ten
days ago, when I told him that CIA's charter did not include this sort of
information/reporting/analysis. Subsequently, Mr. Spirer contacted
[redacted] independently and [redacted] after telling Mr. Spirer 25X1
that CIA really did not have much information on the subject, agreed to
brief Mr. Spirer. [redacted] then called [redacted] NFAC/CSS, 25X1
who in turn called me. Mr. Spirer was unable to meet with us and we
ended up having an unclassified discussion with Mr. Miller. The thrust
of the conversation was that the Department of Treasury and international
banks are the appropriate sources for the potential threat to the U.S.
economy from foreign investment.

7. (Unclassified - MMP) ADMINISTRATIVE DELIVERIES
Took two maps of South American and two of the Panama Canal Zone
to Senator George McGovern's (D., S. Dak.) office for the Senator's
use.
